APPROXIMATE SCALE
1" = 3,000'

The original subdivisional survey of Secs. 1 to 6, 9 to 12, 25 to 29 and 31 to 36, all inclusive, of T. 1 N., R. 25 E., M. D. M., plat approved May 22, 1895, is canceled and the plat thereof will no longer be used as a basis for disposal. Lands listed in the above sections will revert to the status of unsurveyed public lands. (See letter 1115889 "E" COT, dated June 13, 1924.

This plat of the resurvey of Secs. 7, 8, 13 to 24 inclusive and Sec. 30, T. 1 N., R. 25 E., M. D. M., delineates a retracement and reestablishment of the lines of the original survey as shown upon the plat approved May 22, 1895, in their true original position according to the best available evidence of the position of the original corners; all differences between the measurements shown on the original plat and those derived in the retracement have been distributed proportionally between accepted corners in accordance with surveying rules; reference will be made to the original plat for the showing of the areas and more detailed descriptions of the various smaller subdivisions.

As no valid rights exist in Secs. 7, 18, 19 and 30, and in view of the large deficiency of measurement of the latitudinal boundaries thereof, new areas are computed for said sections.

All patented mineral claims have been segregated hereon.

Areas in Acres.	
Resurveyed	2502.70
Mineral Claims	94.23
Total	2596.93
