

Entered at the Bridgeport Postoffice as Second-Class Matter. SAN FRANCISCO AGENTS. E. C. DAKY—Merchants' Exchange. F. FRISER—Merchants' Exchange. G. H. KELLGOG—330 Pine Street.

Rev. Geo. W. De La Matyr died at his home in Bishop on Sunday, the 12th after a short illness, having an attack of pneumonia on the previous Monday. He was well known and highly esteemed in this section, having been President Elder of the M. R. Church, and Superintendent of the Nevada Mission, and made frequent visits to Bridgeport. He died at the age of nearly 65 years, during the great majority of which he was engaged in Church work, and it can be truly said of him, that the world was made better through his presence and activity in all matters pertaining to the best and truest interests of mankind. He left a wife, one married daughter and three sons to mourn the loss of a noble husband and father, and the sympathy of all who knew the deceased will go out to them in their great sorrow.

Cleveland and Greenham have undertaken the job of reinstating the Queen of the Hawaiian Islands. This shows the Americanism of these men, who, unfortunately, have been clothed with a little bit of authority. What right has the United States to depose the Hawaiian Government? Because a few American residents had a hand in the revolution it does not follow that Mr. Cleveland has a right to say who shall rule the islands. All he has to see to it, that the property and the lives of all interested Americans are protected. These two very patriotic Americans are attempting to run this country in the interests of England.

A Chicago paper touches upon an important phase of the present financial panic in the following:

It is estimated that the great old Democratic times have responded 500,000 weddings. Just think of the loss to the furriers, crocheters, silversmiths and store dealers as figures it out. (We have taken a notion for figuring it out.) It costs on an average about five hundred dollars for getting together to furnish their home, and they receive about three hundred dollars' worth of wedding presents, so that their household represents a money value of about eight hundred dollars. Many a young man and his bride have gone along with much less, and others, better favored by fortune, spent a great deal more; but on an average a bride couple when they get "right" that they have secured about eight hundred dollars' worth on hand. Now if it is true that 500,000 weddings have been postponed by the hard times, the loss to the merchants alone specified must be about \$400,000,000. So much money went back from circulation is enough to give any financial system a pain, not to mention the pain caused to 1,000,000 of the people. It is a sad state of affairs, especially when one considers that many of the engagements will be broken during the delay and the weddings never take place. Think of the bills that the poor families who have married come back and the "fellows" pick up money to marry. The Democratic party will have much to answer for. Any young couple who marries under a Democratic administration takes a great loss.

A DEMOCRATIZED PARTY.

The late elections in the East have shattered the timber the Democrats had picked out as its very best for Presidential purposes to a degree that not one can be utilized. And the "seconds," left after the culling for the "firsts," were made useless through the severe ordeal of the "Extra Session." At this time there is not a man in the Democratic ranks possessing even a ghostly show to succeed Grover Cleveland, and that party will be compelled to select a man of no greater political caliber than James Buchanan, an Franklin Pierce, Andrew Johnson, and Grover Cleveland. Boies, Flower, Hill, Neal, Carlisle, Gresham, and others, too numerous to mention, and all exorbitantly poor timber, are held away for all time as Presidential possibilities. There is no man in the country more surprised and disheartened at the result, particularly in New York, than Senator Hill, who assumed the people of the South that the Democracy had fixed New York through Judge McKiny's stand in the State Senate, thereby giving the Democrats full control of the Legislature, enabling them to redistrict the State for the benefit of the Democracy, but their scheme failed in its purpose, and to-day New York is again Republican, and a Republican Governor will be elected next year.

The Democrats say their defeat was caused by the desire of the people to renege the Cleveland Administration for not respecting the McKinley bill, as proposed in the Chicago platform. Supporting the Party of Protection was a singular way to exhibit their free trade feelings. Why did they not support the Populists, and so administer the "rebuke" and show their dislike for the McKinley bill when they deposited their ballots? Every Democratic paper in the country is aware of the fact that it was a square fight between Protection to American Industries and Protection to English Industries and the paper labor of Europe, and the American Labor was through the silent ballot. Let the Democratic Congress lead the verdict.

NEW TO-DAY

Are you willing to work for the cause of Protection in placing reliable information in the hands of your associates? If you are, you should be identified with THE AMERICAN PROTECTIVE TARIFF LEAGUE. 105 W. 23D ST., N. Y. Our list is out and sent free of charge, stating your position, and giving a helpful hand. PATENTS.

NOTICE TO INVENTORS. There was never a time in the history of our country when the demand for inventions and improvements in the arts and sciences generally so great as now. The conveniences of mankind in the factory and workshop, on the household, on the farm, and in official life, require continual attention to the appliances and implements of each in order to save labor, time and expense. The political changes in the administration of government does not affect the progress of the American inventor, who being on the alert, and ready to perceive the existing deficiencies, does not permit the affairs of government to deter him from quickly conceiving the remedy to overcome existing discrepancies. Too great care can not be exercised in choosing a competent and skillful attorney to prepare and prosecute an application for patent. Valuable interests have been lost and destroyed in innumerable instances by the employment of incompetent counsel, and especially in this advice applicable to those who adopt the "No patent, no pay" system. Inventors who entrust their business to this class of attorneys do so at imminent risk, as the breadth and strength of the patent is never considered in view of a quick outcome. To get an allowance and obtain the fee thereon. THE PRESS CLAIMS COMPANY, John Wedderburn, General Manager, 618 F Street, N. W., Washington, D. C., representing a large number of important daily weekly papers, as well as general practitioners of the country, was instituted to protect its patrons from unwise methods, therefore employed in this line of business. The said Company is prepared to take charge of all patent business entrusted to it for reasonable fees, and prepares and prosecutes applications generally, including mechanical inventions, design patents, trademarks, labels, copyrights, interferences, infringements, nullity reports, and gives special attention to rejected cases. It is also prepared to enter into competition with any firm in securing foreign patents. Write for instructions and advice. JOHN WEDDERBURN, 618 F Street, Washington, D. C. P. O. Box 386.

TRAVELER'S GUIDE.

TICKETS TO Eastern Cities ARE SOLD BY THE Southern Pacific Company. AT RENO. H. L. FIELD, AGENT. SLEEPING CAR BERths secured, and full information regarding Transcontinental Route furnished on application. By corresponding with Mr. FIELD, parties can arrange to join the Semi-Monthly Family Excursions over the Sunset Route.

Whole Family Helped. My husband was confined to the home, and almost unable to walk, on account of an ulcer on his left leg. He took Hood's Sarsaparilla and in a few days was able to go to work again. My other children were cured of their various ailments. After taking Hood's Sarsaparilla Hood's Pills are prompt and efficient, yet easy to take. Sold by all druggists. 20c.

T. T. KOENIG, M. D. (Regular Graduate), Physician and Surgeon, 1044 BODIE, CALIFORNIA.
